FUJITSU

The World is Your Workplace

STYLISTIC R727

Be productive anywhere. With one device.

Sometimes, one device is all you need. The FUJITSU Tablet STYLISTIC R727 with the 7th Generation Intel® Core™ i7 vPro™ processor is a 2 in 1 device that effortlessly transforms from a business tablet to a business notebook. Combining full-fledged processor performance with smart mobility features. With its 12.5-inch anti glare screen (31.8 cm), the tablet is perfectly balanced for productive mobile working. And it's also light and robust enough for the go-anywhere flexibility that today's mobile professionals need.

Intel Inside®.
Powerful Solution
Outside.

Work How You Want

The STYLISTIC R727 with the 7th Generation Intel® Core™ i7 vPro™ processor is designed for unlimited usability – you choose how you want to work. Use your fingers and a digital pen at the same time: the STYLISTIC R727 supports both. Or transform the tablet to a notebook by snapping on the magnetic keyboard – and work for up to 10 hours without recharging the battery. Future-proof security features protect your data, wherever you are. You can rely on 4G/LTE for true mobile connectivity. And when you're back at the office, simply slot the STYLISTIC R727 into a cradle to get your full desktop experience.

- **The all new black**, powerful and responsive 2 in 1 – fast booting, instant-on and full notebook capabilities with anti-glare display and stronger magnets in both keyboard and tablet, to give you an outstanding user experience: now comes in all new black color - adapted from the new family design.
- **Tablet or notebook, you decide** – snap on the magnetic keyboard and pull out the integrated kickstand to transform how you work with the device
- **Mobility first** – light yet robust magnesium and aluminum housing at only 830 g (1.83 lbs), UC&C-ready, up to 10 hours of battery runtime
- **Go-anywhere connectivity** – optional embedded 4G/LTE with GPS, NFC, Intel® Pro Wireless Display
- **Excellent enterprise manageability** – 7th Generation Intel® Core™ i7 vPro™ processor technology and full BIOS management capabilities, encrypted drives, TPM and next-gen NFC-based SmartCard authentication, optional cradle for comfortable working in the office

Intel Inside®. Powerful Solution Outside.

31.8 cm (12.5-inch) anti-glare PLS display option
Work in any ambient lighting – even outdoors – without screen reflections to distract the viewing experience

Magnetic keyboard

Snap the slim, lightweight keyboard easily into place – even with one hand

2 in 1 multi-mode design

Transform the way you work by switching effortlessly between tablet and notebook modes

Integrated 135° tablet stand

Adjust the tablet to your preferred angle and work anywhere – on your daily commute, in the coffee shop or on a pull-down table during a flight

Windows 10 Pro for pen or multi-touch input

With 1024 pressure points, work with the Fujitsu digital pen or your fingers; or attach the keyboard: with handwriting recognition, digital signature capability and the Windows 10 ecosystem and features like Continuum, the STYLISTIC R727 enables you to transition seamlessly between modes

Cradle

Switch from mobile to desktop productivity without even detaching the keyboard

→ Enterprise performance and security

Latest 7th Generation Intel® Core™ i7 processors deliver superb performance with the extended battery time to work longer away from a power outlet. TPM and encrypted drives keep your data safe.

→ Wireless display technology

Present your content wirelessly on an enabled receiver like Intel® Unite or a WiDi dongle.

→ Serviceability

Devices can be upgraded and serviced on your premises through Fujitsu partners.
