## Fujitsu ESPRIMO P558/power

### Flexible and economic desktop PC for standard office applications

---

The FUJITSU ESPRIMO P558/power Desktop PC provides high-quality computing for your everyday office tasks. It supports attractive price points and delivers the continuity needed for daily operations. Your valuable business data is protected by the EraseDisk option. To meet your specific hardware needs it can be either individually configured or customized.

#### High performance and best price/performance ratio

Powerful and cost-effective microtower

- Up to 9th generation Intel® Core™ processor family

#### Best energy efficiency coupled with performance

Low power consumption combined with highest levels of performance

- Latest Intel® processors, an optional switched monitor outlet and a power supply with up to 94% efficiency

#### Manageability and Ease of Use

"Plug & work" PC that ensures smooth system administration

- Easy to integrate into existing IT landscapes and reliable DeskView manageability tools

#### Robust Security

Designed to protect data and hardware components against manipulation and theft

- Cable cover with lock option at the back to protect ports, cables and components from theft
- Embedded Trusted Platform Module (TPM), Fujitsu Authconductor software, EraseDisk software and SmartCard are available as options

#### Made in Germany

Outstanding quality and stable functions based on German production standards

- The development, production and functionality tests - all under one roof in Germany
