Legislation

Electrical and Electronic Equipment

Business - B2B

FTS offers a collection and recycling service for professional waste electrical and electronic equipment by our partner AfB. FTS products are usually taken back free of charge.

Private - B2C

Its end-users' responsibility to dispose of old equipment at a designated collection point for the recycling of electrical and electronic equipment.
Public waste management authorities are collecting the waste at no charge.

For more information about recycling of waste electrical equipment, please visit the following link <https://e-schrott-entsorgen.org/>

The following points apply to both B2B and B2C

- Obligation to remove batteries
- It's a personal responsibility to delete all personal data on the old equipment to be disposed of
- Electrical appliances marked with the crossed-out garbage must not be disposed of with household waste

Packaging

Free packaging collection at all points of generation throughout Germany because of FTS participation in the Dual System Der Grüne Punkt in accordance with the German Packaging Act (VerpackG).

A return of packaging in the commercial sector (e.g., transport packaging, commercial outer and sales packaging, larger quantities of packaging) is also covered by our service provider Der Grüne Punkt.

The accurate implementation of the Packaging Act is audited annually by an expert. The result is available to the authorities as a declaration of completeness in the DIHK database.

European Directives:
Directive 2012/19/EU
This directive, pertaining to electrical and electronic equipment and to managing the disposal of their waste, is aimed at encouraging producers to take on their responsibilities, in the broad sense of the term. It has been transposed into Luxembourg law by the regulation of 30/07/13.

Grand-ducal regulation of 30/07/2013

Batteries

Fujitsu Technology Solutions SA is a member of the eco organism Eco-Batterien and fulfils its responsibility for collection and recycling through the collective take back system

Eco-Batterien
www.ecobatterien.lu

Hervé Graff
Herve.graff@fujitsu.com

European Directives:
Directive 2006/66/CE : The aim of this Directive on batteries and accumulators and waste batteries and accumulators is to make producers, in the broad sense of the term, aware of their responsibilities.
Act of 19/12/2008 : Directive 2006/66/EC was transposed into Luxembourg law by the law of 19/12/2008

Packaging

There is no law on packaging in Luxembourg. Fujitsu own packaging is finally disposed by a local disposal company free of charge.

Cost incurred? Yes

Comments: - Only for Batteries (depending on Sales – 0,05€/pc)
- Ecotrel fees are charged to the customers and pay back to Ecotrel

Overview	Regional Partner	Fujitsu Contact	Legislation
Every dealer is obliged to include a prepaid recycling fee in the sales price. In the end, the customer can return any electrical / electronic equipment free of charge to any point of sale or recycling centers (e.g. of municipalities). SWICO, the Swiss industry association for information, communication and organization technology, organizes the collection and recycling of used equipment.	SWICO Registration number: E000223CH E-Mail: info@swico.ch	Stefan Bieri Tel: +41 582 588 254 stefan.bieri@fujitsu.com	USG (Umweltschutzgesetz) VREG (Verordnung über die Rückgabe, die Rücknahme und die Entsorgung elektrischer und elektronischer Geräte)
Batteries can be returned free of charge at any point of sale (incl. supermarkets, discounters, etc.) or at a recycling centers / collection points (e.g. of municipalities). BATREC collects the batteries and disposes of / recycles them professionally. See also Comments below.	BATREC (recycling) Niesenstrasse 44 3752 Wimmis batrec@batrec.ch INOBAT Postfach 1023 3000 Bern 14 Tel: +41 31 380 79 61 inobat@awo.ch	Stefan Bieri Tel: +41 582 588 254 stefan.bieri@fujitsu.com	USG (Umweltschutzgesetz) ChemRRV (Chemikalien-Risikoreduktions-Verordnung) Overview of all Legislations: INOBAT (On behalf of Bundesamt für Umwelt BAFU)
The industry association SWICO not only takes care of the disposal of the appliances, but also of the packaging. Likewise, packaging can be disposed of via the recycling centers / collection points (e.g. of municipalities).	SWICO Registration number: E000223CH E-Mail: info@swico.ch	Stefan Bieri Tel: +41 582 588 254 stefan.bieri@fujitsu.com	USG (Umweltschutzgesetz) VVEA (Verordnung über die Vermeidung und die Entsorgung von Abfällen) VeVA (Verordnung über den Verkehr mit Abfällen)

Cost incurred? Yes

Comments:

The importer has to pay an advanced disposal fee as soon as he imports a battery to Switzerland. This is an early recycling fee calculated from the effective sales price to the partner / customer (CHF 0.03 – 3.10).
