8. Participants using any unauthorized assistance or tools or obtaining an advantage in any way via any type of manipulation shall be excluded from the loyalty program. FUJITSU also reserves the right to exclude participants from the loyalty program who infringe the loyalty program terms and conditions or who provide participant data that should prove to be false.
9. Rewards can also be revoked in retrospect and reclaimed in all cases of authorized exclusion based on these loyalty program conditions.
10. Each participant is responsible for ensuring that the participation data is correct.
11. FUJITSU provides the participant with the opportunity to participate in the loyalty program. It is the participant's sole responsibility to ensure that the participation in the competition is not in contradiction with the participant's strategy.
12. The participant is obliged to comply with the requirements of **Fujitsu's Global Business Standards**. 1. The participant herewith explicitly agrees that its company's name can be published on the loyalty program site and in the FUJITSU Channel Partner Portal for loyalty program purposes.
2. By accepting these loyalty program terms and conditions, the contact person acting for the participant explicitly agrees that FUJITSU can record, store, process the personal data entered during the registration process (name, address, telephone number, e-mail address or other personal data voluntarily submitted by the contact person information) and that such data may be used by FUJITSU or a commissioned third party (in particular, companies within the FUJITSU Group, their partners or other contractually commissioned third parties) in order to handle the registrations, run the loyalty program and to provide the prizes. The personal data of the contact person shall be transferred, where applicable, to these third parties and/or otherwise made accessible to such. FUJITSU shall save the personal data of the contact person for the loyalty program purposes and shall delete any such data if it is not used or becomes obsolete. Should the contact person revoke their agreement, FUJITSU must no longer use the corresponding personal data from that moment onwards. If disadvantages for the participant should thus arise, the participant cannot derive any legal claims against FUJITSU. ## III. Determining the winners

1. Prizes are awarded according to a point system.

The points are determined based on the participant's purchases of the FUJITSU Client Computing Devices (CCD), Server and Storage portfolio and accessories (collectively "products") within the loyalty program period, via the participating FUJITSU distributors. The products included in the loyalty program are announced on the program website and may change during the program period.

The purchases shall be directly recorded via FUJITSU's distribution reporting and billing system. It is recommended to check the loyalty program website regularly for updates.

2. The loyalty program prizes can be claimed multiple times and at any time until the end of the loyalty program, provided the participant has the stipulated amount of prize points to claim a prize.
3. After the points have been swapped for a prize, the participant's points will be reduced by the amount of the used points.
4. The points are calculated as follows:

The loyalty program has different prize levels that grant access to different prizes. When the participant reaches one of the levels, the participant may claim the corresponding prize. If not claimed, the points will continue to be accumulated by additional purchases. For example, if a participant has earned 120 points and then claims a 100 points prize, then the overall points will be reduced by the points of the prize: the participant will then have 20 points.

Until the end of the loyalty program, the participant will be able to gather points and claim prizes as he desires.

Perkies calculation will depend on:

Then the status level will be reset and start again at zero in the level "Up to 500 Per kies". This status level will not touch the amount of earned PERKIES, needed to gain rewards.

## IV. Prize and reward notification

1. Available prizes are announced on the loyalty program website. The prizes within the loyalty program period **1st of April of 2021 to 31st of March of 2022** shall be sent to the participants, after internal validation, no longer than 4 weeks after it has been claimed in the loyalty program website.
2. There are 4 prizes threshold: 50 points, 100 points, 250 points and 500 points. Other calculation methods or conditions may be announced on the program website for special prizes. 3. The participants shall be notified via e-mail that the points have been swapped by a prize, indicating the selected prize and that it will arrive at the registered address within 4 weeks.
4. The claimed prize shall be addressed to the participating company as such, and not the respective company's employee or contact. FUJITSU does not have any right to influence the internal allocation of the prize by the winner to an individual person at the winning company ("prize recipient"), if any. By accepting the prize, the participant confirms that such acceptance of the prize has been approved by the participating company's executive management and complies with any applicable internal guidelines in place at the winning company and all applicable local laws. FUJITSU may request written approval by the winner's executive management or the winning company's shareholders before handing over the prize. In order to meet anti-corruption requirements stipulated in FUJITSU's Global Business Standards (paragraph I. 12. above), it is prohibited to pass on a prize to any representative (e.g. directors, officers, employees, agents) of a business partner of the participating company (e.g. customer, supplier). 7. Some elements of the prizes may be provided by third party suppliers. Subject to paragraph VI.2. of these terms and conditions, FUJITSU shall have no liability in relation to any prize elements provided by a third party supplier. Third party suppliers may stipulate their own terms, conditions, restrictions or safety instructions, which need to be accepted by the winners and prize recipients respectively as a condition for getting the prizes.

8. If participation in a business trip is offered as a prize, the following applies:  
Participation is subject to the acknowledgement letter (provided by FUJITSU) being signed and returned to FUJITSU by an authorized executive (other than the prize recipient her-/himself) of the prize recipient's company. At FUJITSU's request, the prize recipient is obliged to provide additional proof that participation in the business trip has been confirmed by the prize recipient's company and is in line with the internal rules and guidelines of that company. FUJITSU may exercise this right even after the end of the business trip.

Participation in the business trip shall be on the prize recipient's own responsibility. FUJITSU arranges for the business trip, but does not take the role and responsibility of a tour operator. Unless expressly stated otherwise by FUJITSU, the business trip prize does not include insurance. It shall be the responsibility of the prize recipient to take out at his/her own cost all relevant insurances (including but not limited to health and travel insurance, insurance for theft, loss and damage to property) which may be required or prudent to obtain. In case of non-appearance of the prize recipient there is no right to compensation.

9. The winner shall inform the prize recipients on all stipulations set out in paragraph IV. 7. and 8. above, which are relevant for accepting the prizes.

## V. Premature termination of the loyalty program

FUJITSU reserves the right to modify the loyalty program terms and to change or end the loyalty program at any time without announcement or specification of reason. In particular, FUJITSU shall apply this option if, for technical reasons (e.g. on account of a virus in the computer system, manipulation or errors in the hardware and/or software), for legal reasons, it cannot be ensured that the loyalty program can be run correctly, or budget reasons.

## VI. Limitation of liability – tax – export control

1. Having handed over the respective prize FUJITSU is then free of all obligations unless these regulations result in an earlier moment of time.
2. FUJITSU is only liable for damage caused by FUJITSU or one of its representatives as a result of a deliberate or gross negligent action or due to violated important contractual obligations. This limitation of liability does not apply for damage caused by injury to body or health or for cases of liability according to product liability law. The above regulations do not imply a change in the burden of proof to the detriment of the participant.

3. FUJITSU will not be liable for any claims, losses, or damages arising from or related to failure by the participant to comply with paragraph I.11., I.12. or I.14. The participant shall indemnify and hold FUJITSU harmless against any such claims, losses, or damages.

Should the company be subject to extra tax-related advantages or disadvantages, or other costs arising from this loyalty program, the company is solely responsible for such. FUJITSU does not assume any responsibility or accept any obligation for extra tax-related or other costs, in particular for any income-related taxes, or tax notification and payment obligations incurred in conjunction with any assets acquired as a result of participating in this loyalty program.
6. The cross border performance of services, may require - for example on account of their destination, nature or purpose - official or government approval. As far as such services are destined for performance abroad, and/or products and/or documentation are destined for export, the participant and FUJITSU shall cooperate in providing information on request as necessary to obtain any required licenses and approvals in accordance with the valid export control regulations of the Federal Republic of Germany, the European Union (EU), the United States of America (USA) or any other affected country. The participant shall comply with the corresponding sanction lists issued by the European Union, the German Federal Government, US export authorities or any other relevant country, e.g. European Sanctions List, Denied Persons List as well as any other valid advisory notices from the appropriate authorities as amended from time to time. An infringement of the provisions in this paragraph shall be considered as a fundamental breach and the participant shall be exclusively liable for any resulting damages. FUJITSU shall not be obliged to supply products or perform services if such supply or performance would violate export control regulations of the Federal Republic of Germany, the European Union, and the United States, Japan or other countries.
7. FUJITSU, its parent holding and/or its subsidiaries, as well as agencies commissioned by FUJITSU and all its employees, are not subject to any legal obligation as a result of this loyalty program unless compulsory through applicable law.

## VII. Miscellaneous

1. All decisions are final.
