Fujitsu Solutions Value Proposition

Platinum Sponsor

Fujitsu PRIMEFLEX for Egenera PAN

1.	Orchestration and flexible on-demand capacity: Resources can be configured with only a few mouse clicks across multiple platforms
2.	Multi-tenancy: Create secure resource pools and share servers between users, reducing capital investments
3.	Pre-defined, validated and pre-tested IT solution with ongoing overall solution release process
4.	Open platform choice for servers (PRIMERGY BX, RX, CX), storage (ETERNUS DX, NetApp FAS, network (Emulex, Brocade, Cisco), OS and virtualization
5.	Scalable in capacity, performance and functionality
