Workplace Connect Gate 2.0

Technical specifications

Special features	1 x cable guide for 19 V AC Adapter plug 1 x cable guide for USB 3.0 upstream cable to notebook 1 x guide for Kensington lock steel cable
Installation Instruction	If the USB Port Replicator is plugged in an underdesk cable duct it is important to choose a cable duct that is wide enough so that no connected lines are squeezed, or especially in the spout-sector, curved. If the pedestal of the USB Port Replicator is demounted, you should ensure, that the reference to the serial no. or MAC address is not lost. The ventilation slots of the USB Port Replicator have to be exposed. The environment of the USB Port Replicator have to enable the circulation of air substitution with the ambient air. To guarantee functions and warranty claims, the provided Fujitsu components (USB cable, AC-adapter etc.) have to be used.
