

x86 Servers and Operating Systems

- Information applicable for PRIMEQUEST (PQ) and PRIMERGY (PY) Servers

Purchase of an Operating System:

Information on Operating Systems sold by Fujitsu can be found on the [Fujitsu Internet site](#).

✓	Certified and Supported: The mentioned server system has met the OS Partner Certified/Logo program requirements. Fujitsu will provide technical support for the system-specific server drivers and ServerView management software that are compatible with the operating system.	
☐	Certified: The corresponding server system has met the OS Partner Certified/Logo program requirements.	
✓	Supported: Fujitsu will provide technical support for the specific server drivers and ServerView management software that are compatible with the operating system.	
T	Tested: The operating system could be installed on the server and basic functions of the system have been verified.	
+	Service Pack is a minimum requirement	
++	Service Pack is recommended

x86 Servers and Operating Systems

- Information applicable for PRIMEQUEST (PQ) and PRIMERGY (PY) Servers

Purchase of an Operating System:

Information on Operating Systems sold by Fujitsu can be found on the [Fujitsu Internet site](#).

☒	Certified and Supported: The mentioned server system has met the OS Partner Certified/Logo program requirements. Fujitsu will provide technical support for the system-specific server drivers and ServerView management software that are compatible with the operating system.
☐	Certified: The corresponding server system has met the OS Partner Certified/Logo program requirements.
✓	Supported: Fujitsu will provide technical support for the specific server drivers and ServerView management software that are compatible with the operating system.
T	Tested: The operating system could be installed on the server and basic functions of the system have been verified.
+	Service Pack is a minimum requirement
++	Service Pack is recommended

x86 Servers and Operating Systems

- Information applicable for PRIMEQUEST (PQ) and PRIMERGY (PY) Servers

Purchase of an Operating System:

Information on Operating Systems sold by Fujitsu can be found on the [Fujitsu Internet site](#).

☒	Certified and Supported: The mentioned server system has met the OS Partner Certified/Logo program requirements. Fujitsu will provide technical support for the system-specific server drivers and ServerView management software that are compatible with the operating system.
☐	Certified: The corresponding server system has met the OS Partner Certified/Logo program requirements.
✓	Supported: Fujitsu will provide technical support for the specific server drivers and ServerView management software that are compatible with the operating system.
T	Tested: The operating system could be installed on the server and basic functions of the system have been verified.
+	Service Pack is a minimum requirement
++	Service Pack is recommended

x86 Servers and Operating Systems
- Information applicable for PRIMEQUEST (PQ) and PRIMERGY (PY) Servers

Purchase of an Operating System:
Information on Operating Systems sold by Fujitsu can be found on the [Fujitsu Internet site](#).

☒	Certified and Supported: The mentioned server system has met the OS Partner Certified/Logo program requirements. Fujitsu will provide technical support for the system-specific server drivers and ServerView management software that are compatible with the operating system.
☐	Certified: The corresponding server system has met the OS Partner Certified/Logo program requirements.
✓	Supported: Fujitsu will provide technical support for the specific server drivers and ServerView management software that are compatible with the operating system.
T	Tested: The operating system could be installed on the server and basic functions of the system have been verified.
+	Service Pack is a minimum requirement
++	Service Pack is recommended

- Information applicable for PRIMEQUEST (PQ) and PRIMERGY (PY) Servers

Information on Operating Systems sold by Fujitsu can be found on the [Fujitsu Internet site](#).

☒	Certified and Supported: The mentioned server system has met the OS Partner Certified/Logo program requirements. Fujitsu will provide technical support for the system-specific server drivers and ServerView management software that are compatible with the operating system.
☐	Certified: The corresponding server system has met the OS Partner Certified/Logo program requirements.
✓	Supported: Fujitsu will provide technical support for the specific server drivers and ServerView management software that are compatible with the operating system.
T	Tested: The operating system could be installed on the server and basic functions of the system have been verified.
+	Service Pack is a minimum requirement
++	Service Pack is recommended
